# 11KV Composite Suspension Insulator

**Type:** 11KV composite suspension insulator

**Material:** High vulcanized silicone rubber

**End Fittings:** Ball and Socket

**Specific mechanical failing load:** 70kN.

**Application:** 11kV composite suspension insulator is suitable for high voltage overhead line. As one main type of composite insulator, it commonly used transmission or distribution line to suspend conductor.

We can produce 11kV composite suspension insulator according to IEC61109.

We can also produce 11kV composite suspension insulator totally according to customers' requirement.

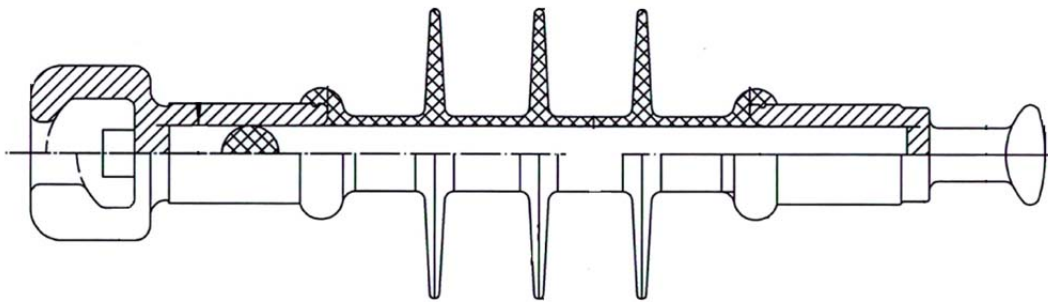

Fig. 11KV 70KN Composite Suspension Insulator

### Technical data:

Rated voltage	11	kV
Creepage distance	350	mm
Specific mechanical failing load	70	kN
Arcing distance	134	mm
Coupling size	16B	mm
Color	Grey or red	
Standard	IEC61109	
Package	Carton
